

Digital Literacy – Internet Safety

Internet Safety at St. Mark's, follows the National Curriculum. Teachers use the Education for a Connected World 2020 Edition document to support the teaching of these lessons.

Digital Literacy programmes of study in computing are as follows:

Key Stage 1

Use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies.

Key Stage 2

Use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content.

Use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact.
